Julian Assange just dropped a bomb onto the heads of Facebook Founder Mark Zuckerberg and COO Sheryl Sandberg, alleging they colluded with Hillary Clinton's 2016 election campaign.

Assange Tweeted Thursday, linking the emails sent back and forth between John Podesta and Sandberg which reveal Sandberg wanted Clinton to win "badly." Assange said the women met privately numerous times during Clinton's campaign.

Assange included one email from Sandberg to Podesta, Clinton's campaign manager, which is particularly damaging in which the Facebook executive pledged to help elect Clinton. Sandberg wrote:

"And I still want HRC to win badly, I am still here to help as I can. She came over and was magical with my kids."

True Pundit reported Wednesday, a day earlier, the FBI is ramping up a larger investigation of Zuckerberg's Facebook to probe a broad scheme likely waged by the social media giant aimed at electing Clinton.

Remember how zuckerberg bragged at how the state dept (hellary clinton et al) and fb started the Egyptian Spring that took down Egypt's Govt to bring in the muslim brotherhood's guy?

Friends, this isn't anything new, they're working with soros to set up the caliphate for his one world govt. (of course they thing they can outsmart the jihadists to wrest power away, once it has total control.)

I was suspended 4 times from Facebook. I knew the reason these commies need to go down. Need sessions fired first!

I was a big Sessions fan for years. Once he got to be AG, it didn't take long for them to neuter him. We need someone like Sheriff David Clarke in there. Someone who won't get scared when they hear a sneeze coming from a dark room.

The level of corruption is too deep and people in the FBI/DOJ are complicit, they are covering up the Elite crimes, they won't do their job, nothing is going to happen, no one is going to jail.

This is FaceBook's Mark Zuckerberg's plan, a one world government run by the elite, they will take over one state at a time, Sheeple keep voting for the neocons and the neo-libs, keep voting for mass immigration from dangerous countries, keep electing officials that stand by and do nothing.

Do not speak out against the MSM, ped0philes or Hollywood, do not point out the Satanic Government denouncing the Christian Faith, We The people are the frogs that are being slowly boiled.

It is amazing that even as much as she cheated to get elected, she still lost. Now, that shows how bad she really is. If only every voter voted their conscience, we would not have either a Clinton or a Trump to worry about.

The Democrats do all of these illegal acts, cheat on the Constitution and go around the laws or change the laws to suit their needs. They are the DISPICABLE while we the law abiding people that love this nation, for all it's flaws and failings, are called DEPLORABLES. However, since Killary gave us this badge of honor that we wear it proudly. Love of country is better than being a criminal that has sold their soul and are selling out this nation for their own personal needs and monetary gain.

there was obvious collusion between that Droid Zuck and the democrats but the government wont do anything because zuck is part of the swamp. best thing to do is delete your FB

Not sure this is much of a bombshell - everyone knows Zuckerberg gave \$20 million to the Clinton campaign and Democrats in 2016. The real question is whether or not Zuck's recent outing of alleged Russian ads and trolls on the site is just more of the campaign to de-legitimize Trump and keep the pressure on the evidence-challenged Russia investigators to impeach. At the very least it allows the media to keep impeachment looking like a possibility. You also have to admit it's a little coincidental that Zuckerberg came out with his "revelations" the same week Clinton dropped her Russia-blame book, and Morgan Freeman declared war on the other major nuclear power. Those Dems do have a flare for drama.
